

## Artwork Specifications

- Artwork must be created at a minimum of 300 dpi (not converted to 300 dpi from a lesser resolution)
- Artwork text must be at least 3mm from any edge
- Artwork text must be no less than 7 point size
- Please remove guide lines from final artwork otherwise they may be visible in the final prints
- There must be atleast 3mm of bleed on each edge
- Artwork must be in CMYK and **NOT** RGB

## Disc Artwork

When creating the disc artwork and before saving your final file the centre hole should be removed.

This Artwork is incorrect as the centre hole is left in.

Correct artwork with no centre hole.
